

The B.E.E.S. Course (Trauma Surgery and Acute Care Surgery) in an initiative of the World Society of Emergency Surgery- World Journal of Emergency Surgery aims to provide surgeons with the "basic expertise" of emergency surgery to be used in their daily practice.

The course is divided in 2 parts:

- 1) theoretical lecture using evidence based science with proper AV presentations of clinical cases
- 2) fellowship at one of the WSES- WJES accredited Centers

At the end of the course after the final test the WSES- WJES Diploma is given
