

WSES 5th Congress Bertinoro ITALY

27/6/2018

FIAT

Full Immersion in Acute care surgery and Trauma minicourses

Directors: Y Kluger, F Coccolini

mP.E.A.C.E. Preparedness and Education of Acute care surgeons to mass Casualties Emergencies

Chairs

Y Kluger, M Bala

07.00 - 09.00 (7 Lectures 10 minutes each; 5 minutes discussion)

MCI Definition and current reality F Coccolini

Wounding mechanisms and injury patterns Y Kluger

Field and Hospital triage M Bala

The role of the medical director, triage officer and trauma team in MCI H Bahouth

Hospital setup, resources and demands H Bahouth

Tertiary survey O Ben- Ishay

Nursing in MCI, B Rozenblit

mI.C.E. Intensive Care for Emergency surgeons course

Chairs

E Picetti, J Kashuk

09.00- 11.00 (7 Lectures 10 minutes each; 5 minutes discussion)

Airway management, respiratory failure: invasive and non-invasive mechanical ventilation J Kashuk

Circulatory failure: monitoring and management (vasopressors) C Martino

Kidney failure overview D Weber

Damage control resuscitation W Biffi

Hemostatic resuscitation EE Moore

Brain trauma: pathophysiology, neuromonitoring and medical management E Picetti

Nursing in acute care L Flanagan

mR.E.B.O.A. Resuscitative Endovascular Balloon Occlusion of the Aorta Course

Chairs: D Weber, T Scalea

11.00- 13.00 (5 Lectures 10 minutes each; 5 minutes discussion)

Physiopathology of REBOA use E. Gamberini

REBOA indications V Reva

REBOA techniques D Weber
Criticalities of REBOA E Moore
Future REBOA applications T Scalea

Simulations to be confirmed

13.00- 14.00 Lunch

mB.E.T.S. Basic Evidences in Trauma Surgery

14.00- 16.00 (7 Lectures 10 minutes each; 5 minuted discussion)

Chairs F Catena, C Arvieux

Brain and spinal E Picetti
Thorax O Chiara
Liver W Biffl
Spleen F Coccolini
Pelvic R Latifi
Open Abdomen A Kirkpatrick
Vascular V Reva

16.00- 18.00

AEES Course
Advanced Evidences in Emergency Surgery (6 lectures 10 minutes each + 5 min discussion)

Chairs M Testini, W Biffl

Acute cholecystitis Guidelines B De Simone

Acute appendicitis Guidelines S Di Saverio

Complicated hernia guidelines B Sakakushev

Acute diverticulitis Guidelines F Abu Zidan

Open abdomen Guidelines F Coccolini

Reconstruction of Abdomen in the Acute Phase of Injury or Abdominal Catastrophe R Latifi

mRIS (18.00- 19.00 4 Lectures 10 minutes each + 5 minutes discussion)

Chairs: F Abu Zidan, R Ten Broek

Generating research questions and Ethics of medical writing, statistics: F Abu-Zidan.

Meta-analysis, Multicentre Trials, RCT and Retrospective studies N De Angelis

Writing your first paper: F Abu-Zidan.

Referees, Reviewers and Choosing the right journal A Leppanemi

21.00

FIAT Piadina/ Sangiovese wine Dinner

Energy Recovery Brain Storming

Chairs L Ansaloni, R Coimbra

28/6/2018

(07.00- 08.00) MANAGEMENT OF INTRABDOMINAL INFECTIONS COURSE (m MIC)
(07.00- 08.00 4 Lectures 10 minutes each 5 minutes discussion)

Chairs: M Sartelli, A Kirkpatrick

Classification and Diagnosis A Chichom-Mefire

Abdominal Sepsis G Fraga

Source control B Sakakushev

Antibiotic therapy M Sartelli

7Symposium 8,00 - 9.00

Current algorithm management in oesophageal injuries (evidence based literature review: updating WSES Guidelines) (4 Lectures 10 minutes + 5 discussion)

Chairs Y Kluger V Agnoletti

Caustic injuries M Chirica

Foreign Bodies L Bonavina

Mallory- Weiss, Boerhaaves syndrome and other perforations M Kelly

Trauma C Arvieux

Consensus Conference

Severe Acute Pancreatitis 9,00- 11,00
(6 Lectures 10 minutes each + 5 minutes discussion)

Chairs A Leppanemi G Borzellino

Diagnosis H Segovia
ICU V Agnoletti, E Gamberini
Surgical Management M Tolonen
Open Abdomen A Kirkpatrick
Infected pancreatitis M Sartelli
Delayed complications H Van Goor

Case Presentations and Discussion 11.00- 12.00 (3 cases 10 minutes each case + 5 min discussion each)

Emergency surgery in ICU patients
Very unstable Trauma Cases different perspectives

Chairs EE Moore C Bendinelli

D Weber
C Bendinelli
V Khokha

Symposium Guidelines applications in low income countries (12.00- 13.00)

Chairs F Piscioneri, A Chichom-Mefire
(3 lectures 10 minutes each + 5 discussion)

Differences F Piscioneri

Solutions L Ansaloni

Developing a curriculum for emergency room surgeon: a good option for low and middle-income countries A Chichom-Mefire

Developing a trainees' course in the Management of Surgical Emergencies (MSE) for the College of Surgeons of East, Central and Southern Africa (COSECSA).

Jacob S Dreyer^{1,2,3}, Andrew Ndonga¹, Robert Zulu¹, Robert Lane^{1,2,3} (COSECSA¹, Association of Surgeons of Great Britain and Ireland², International Federation of Surgical Colleges³)

13.00 – 14.00

Lunch

SSI prevention in OR project

F Catena

14.00-17.00

Consensus Conference WSES- SIS

Soft Tissue Infections Consensus (10 minutes each; **no discussion because previously performed**)

Chairs: Yoram Kluger (Israel), Xavier Guirao (Spain)

Which is the best classification for soft tissue infections?

Massimo Sartelli (Italy)

What's new in guidelines for prevention of SSIs? What are the principles of surgical site infections prevention?

Leonardo Pagani (Italy)

How are surgical site infections classified? What is the best treatment of Surgical Site infections? When are antibiotics needed?

Kemal Rasa (Turkey)

What is the appropriate treatment of superficial infections (impetigo, erysipelas and cellulitis and superficial abscesses) ?

Francesco De Rosa (Italy)

How is the treatment of perianal abscesses and other complex abscesses including abscesses in injector drug use

V Khokha (Belarus)

What is the appropriate treatment of infections developing in damaged skin (burn wounds, animal and human bites, and pressure ulcers)?

Boris Sakakushev (Bulgaria)

How should MRSA, both community-acquired and healthcare-associated SSTI, be treated?

Matteo Bassetti (Italy)

What is the appropriate approach to assess SSTIs in immunocompromised patients?

Pierluigi Viale (Italy)

Chairs: Ernest E Moore, Ari Leppaniemi (Finland)

What are Necrotizing SSTIs? How is the outcome of patients with NSSTIs? How are they classified? Which is their treatment? Is a Multidisciplinary approach mandatory?

Philippe Montravers (France)

What is the pathophysiology of NSSTIs? What are their clinical findings?

Jan Ulrych (Czech Republic)

How can NSSTIs be diagnosed?

Belinda De Simone (France)

What are the principles of source control in patients with NSSTIs?

Marja Boermeester (Netherlands)

What is the role of NPWT in the management of soft tissue infections?

Michael Sugrue (Ireland)

What are the principles of antibiotic therapy for patients with NSSTIs?

Maddalena Giannella (Italy)

What is Fournier syndrome? Its management George Gkiokas (Greece)

What are the principles of resuscitation in patients with NSSTIs? What is the role of adjunctive therapies?

G Sganga (Italy)

The nightmare of infected mesh. How is the treatment?

Ines Rubio-Perez (Spain)

17.00- 18.00

Free papers (5 minutes each no discussion)

Chairs M Boermeester C Bing

1) Wandering Spleen - 3 subsequent cases in young women

Julie Vaynshtein Be'er Sheva, Israel

2) The open abdomen treatment, methods and techniques, our experience.

Odeh Murad, Ricchitelli Simone, Quintodei Valeria, Berselli Mattia, Latham Lorenzo, Coccozza Eugenio Department of Oncological and Mini-Invasive Surgery, Macchi Hospital in Varese, Italy

3) Gastric stump necrosis after subtotal gastrectomy, is it an unusual complication?

A. Vagliasindi, R. Bertelli, D.Papis, P.Soliani.

General and Emergency Surgery Unit, S.Maria delle Croci Hospital, Ravenna, Italy

4) Perioperative use of Non-Steroidal Anti-inflammatory Drugs and

Corticosteroids and Anastomotic Leakage in Colorectal Cancer and

Inflammatory Bowel Conditions

Melissa N N J Arron MD1, Richard P G ten Broek MD PhD1, Harry van Goor MD PhD1

1Department of Surgery, Radboud University Medical Center, Nijmegen, the Netherlands

5) Petersen's hernia after gastric by-pass procedure: an increasingly frequent condition in emergency surgery

Andrea Bertolucci, MD, Camilla Cremonini, MD, Nicola Spina MD, Dario Tartaglia, MD, Luigi Cobuccio MD, Ismail Cengeli, MD, Marsia Pucciarelli, MD, Luigi Decanini MD, Christian Galatioto MD, Massimo Chiarugi, MD, FACS

Emergency Surgery Unit, University of Pisa, Pisa, Italy

6) Osipov AV, Demko AE, Shlyapnikov SA, Surov DA, Sviatnenko AV

Treatment of patients with acute cholangitis in an emergency hospital.

Saint-Petersburg scientific research institute of emergency care named after I.I. Dzhanlidze, Saint-Petersburg, Russia.

7) Elevated Alkaline phosphatase is the best single predictor for bile duct stones Julie Vaynshtein, Ohad Guetta,

Avraham Reshef, MD. Ilya Pinsk, MD. Ilan Rahmani, MD. Gilbert Sebbag, MD. General Surgery B, Soroka University Medical Center, Be'er Sheva, Israel.

8) How valid is the use of Alvarado score, in the assessment of treatment tactics in Acute Appendicitis?

Agron Dogjani 1 Hysni Bendo 2, Amarildo Blloshmi 2,

1University Hospital of Trauma, Tirana, Albania 2Faculty of Medicine, University of Medicine Tirana, Albania

9) An observational review of the impact Quality Improvement interventions in emergency Laparotomy in the UK
A Kirkby Southampton

10) Complicated Metastatic Colorectal Cancer Boyko Atanasov1,2, Boris Sakakushev1, Nikolay Belev2 1. Department of Propaedeutic of Surgical Diseases Section General Surgery Faculty of Medicine Medical University Plovdiv 2. UMHAT "Eurohospital" Plovdiv- Surgical Unit

11) Hartmann's Procedure in Emergency Surgery Boyko Atanasov1,2, Boris Sakakushev1, Nikolay Belev2 1. Department of Propaedeutic of Surgical Diseases Section General Surgery Faculty of Medicine Medical University Plovdiv 2. UMHAT "Eurohospital" Plovdiv- Surgical Unit

12) BENEFIT OF PROPHYLACTIC SPLENIC ARTERIAL EMBOLIATION (SAE) FOR PATIENTS WITH TRAUMA AT HIGH RISK OF SPLENECTOMY: SPLASH, A FRENCH MULTICENTRIC PROSPECTIVE RANDOMIZED TRIAL

Catherine ARVIEUX1, Julien FRANDON2, Vincent DUBUISSON3, Emilie LERMITE4, Jean-Stéphane DAVID5, Marie-Christine LE MOINE2, Matthieu RODIERE1, Marie MICHOU6, Frederic DOUANE7, Tristan MONCHAL8, Jean-Robert NZAMUSHE9, Christophe TRESALLET10, Jean-Philippe MESTRALLET11, Thomas MARTINILLI12, Emmanuel HORNEZ13, Hassen HENTATI14, Thierry BEGE15, Anne EGO1, Fatah TIDADINI1, Pierre BOUZATI1, Valérie MONIN16, Frédéric THONY1. And the other SPLASH (SPLeenic prophylactic Arterial embolisation for Splenic trauma) study investigators CHU Grenoble Alpes, CS 10217, 38043 Grenoble Cedex 9

- 18.00 19.00

"Hit" the Expert Session My Millennium errors and fails (the most significant will be awarded with the Achilles Heel Prize) case discussion

10 minutes each case + 5 minutes discussion

Y Kluger

A Leppanemi

29/6/2018

07,00- 08,00

The COOL trial;
Closed or Open after Laparotomy for Source Control Laparotomy in Severe Complicated Intra-Abdominal Sepsis
Investigator Meeting
Chair A Kirkpatrick

08.00-09.00

Small Bowel Emergency Surgery

(10 minutes each + 5 minutes discussion)

Chairs R Ten Broek, F Abu Zidan

The role of mini-invasive approach in ASBO D Costa-Navarro

SBO Audit and new recommendation Matt Lee

WSES Updated Guidelines R Ten Broek

Acute Mesenteric Ischemia WSES Guidelines M Bala

09.00- 11.00

Selected Free papers (5 minutes each **no discussion**)

Chairs G Fraga, S Di Saverio

1) Taking the Road Less Traveled: Emergency Laparoscopic Repair of Incarcerated Ventral Hernia
Luigi Cobuccio MD, Dario Tartaglia MD, Rita Fantacci MD, Andrea Bertolucci MD, Camilla Cremonini MD, Ismail Cengeli MD, Christian Galatioto MD, Massimo Chiarugi MD FACS
Emergency Surgery Unit, Cisanello Hospital, University of Pisa, Pisa, Italy

2) Infantile Hypertrophic Pyloric Stenosis: 20-years experience at University Hospital Authors: Ana Luiza Castro Possidente, Ivan Gilberto Bazan, Naomi Takesaki, Gustavo Pereira Fraga, Andrea de Melo Alexandre Fraga
Division of Pediatric Emergency, Hospital de Clinicas, University of Campinas, Campinas, SP, Brazil.

3) Safety of Laparoscopic Emergency procedure in the elderly: an interim analysis of preliminary data of FRAILESEL study
: Fransvea Pietro MD, Costa Gianluca MD, PhD, Massa Giulia MD, Pierluigi Marini MD, Gabriele Ricci MD, Frezza Barbara MD, Mauro Zago MD, Ferdinando Agresta MD, Antonio Crucitti MD, PhD, FACS, Finotti Elena, Rondelli Fabio, Cobuccio Luigi, Balducci Genoveffa MD and ERASO

(Elderly Risk Assessment and Surgical Outcome) Collaborative Study Group

4) Giant strangulated hiatal hernias treated by emergency robot-assisted surgery

Graziano Ceccarelli¹§, Alessia Biancafarina¹, Enrico Andolfi¹, Massimo Cacchiarelli¹, Egidio Miranda¹, Barbara Frezza¹, Marta Scricciolo¹, Fabio Rondelli², Gianluca Costa, Luciano Casciola³ and Aldo Rocca¹⁻⁴.

5) Frailty and surgical risk in elderly patient undergoing emergency surgery:

development and internal validation of Emergency Surgery Frailty Index (EmSFI)

Authors: Giulia Massa MD, Gianluca Costa MD, PhD, Pietro Fransvea MD, Barbara Frezza MD, Lorenzo Bragaglia MD, Michele De Rosa MD, Graziano Ceccarelli MD, Genoveffa Balducci MD and ERASO (Elderly Risk Assessment and Surgical Outcome) Collaborative Study

6) Emergency pediatric missions around the world

Fette A University of Pecs Medical School Hungary

7) From constipation to lethal fecaloma.

M Vinot France

8) Outcomes from Pre-Hospital Traumatic Cardiac arrest in a single UK major trauma centre

R Ardley United Kingdom

9) The open abdomen in non-trauma patients: progressive abdominal wall closure using “shoelace technique”.

Giovanna Di Meo, Valentina Ferraro, Lucia Iliaria Sgaramella, Giuseppe Massimiliano De Luca, Angela Gurrado, Mario Testini. Unit of Endocrine, Digestive and Emergency Surgery. Department of Biomedical Sciences and Human Oncology. University of Bari, Italy.

10) The management of pancreatic abscess in emergency: is open surgery still justified?

Lucia Iliaria Sgaramella, Valentina Ferraro, Giovanna Di Meo, Giovanni Catalano, Angela Gurrado, Mario Testini. Unit of Endocrine, Digestive and Emergency Surgery. Department of Biomedical Sciences and Human Oncology. University of Bari, Italy.

11) The management of Mirizzi Syndrome in emergency

Valentina Ferraro, Giovanna Di Meo, Lucia Iliaria Sgaramella, Giovanni Catalano, Angela Gurrado, Mario Testini. Unit of Endocrine, Digestive and Emergency Surgery. Department of Biomedical Sciences and Human Oncology. University of Bari, Italy.

12) EVALUATION OF OUTCOMES IN PATIENTS WITH LIVER TRAUMA – A LEVEL 1 TRAUMA CENTRE OBSERVATIONAL STUDY

Dr Harshit Agarwal, Dr Amit Gupta, Dr Subodh Kumar, Dr Biplab Mishra, Dr Sushma Sagar, Dr Abhinav Kumar All India Institute of Medical Sciences, New Delhi

13) ENDOVASCULAR TREATMENT FOR LATE AORTIC RUPTURE AFTER SURGICAL COARCTATION REPAIR Gatta E, Gironi G, Pagliariccio G, Carbonari L Department of Vascular Surgery Ospedali Riuniti Ancona

14) COMPLICATED JOURNEY OF AN INJURED LIVER

HARSHIT AGARWAL MBBS,MS, MCh ALL INDIA INSTITUTE OF MEDICAL SCIENCES

15) EVALUATION OF CLINICAL PREDICTORS AND OUTCOMES IN PATIENTS WITH OPEN ABDOMEN IN TRAUMA – A LEVEL 1 TRAUMA CENTRE STUDY

Harshit Agarwal, Amit Gupta, Subodh Kumar, Biplab Mishra, Sushma Sagar All India Institute of Medical Sciences, New Delhi

16) Level 2 trauma Center- lessons to be re-learned

1222 Gabriela Elisa Nita , Davide Luppi , Andrea Lanaia , Stefano Bonilauri Reggio Emilia Hospital Italy

17) MANAGEMENT OF PENETRATING VASCULAR INJURIES IN AFGHANISTAN: 2 YEARS OF EMERGENCY KABUL SURGICAL CENTRE EXPERIENCE

R Bottura Emergency Afghanistan

18) Laparoscopic Repair of Perforated Peptic Ulcer with Omentopexy

Mohan Ramalingam, MD; Chris Myers, DO

C Myers USA

19) Management of a severe pancreatic trauma: A case report

Soldini Gabriele, Latham Lorenzo, Pappalardo Vincenzo, Zani Elia, Besozzi Maria Carla, Annoni Matteo, Cestaro Giovanni, Broggi Riccardo, Megna Stefano, Leotta Andrea, Ietto Giuseppe, Carcano Giulio. Chirurgia d'Urgenza e dei Trapianti, Ospedale di Circolo di Varese, Università degli studi dell'Insubria

20) PICA SYNDROME AS RARE CAUSE OF PEDIATRIC EMERGENCY BOWEL SURGERY

FETTE, A PS-SS Weissach/Tal, Germany; University of Pecs, Medical School, Hungary

21) Surgical Management of Severe Acute Necrotizing Pancreatitis: Single Centre Experience

Guntars Pupelis^{1,2}, Kaspars Zeiza^{1,2}, Vladimirs Fokins^{1,2}, Kristaps Atstupens¹, Mihails Pavlovičs^{1,2}, Rihards Starinskijs².

Riga East University Hospital. Riga, Latvia¹, Riga Stradins University, Riga, Latvia².

22) Upper Gastrointestinal Bleeding: 8-Year Experience in a Single Institution Aleksejs Kaminskis^{1,3}, Sanita

Ponomarjova¹, Margarita Ptasnuka^{1,2}, Guntars

Pupelis^{1,2}. Riga East University Hospital. Riga, Latvia¹, Riga Stradins University, Riga, Latvia². University of Latvia³

23) Survival Analysis of 99 Consecutive Patients Treated with Vacuum-Assisted Abdominal Closure for Complicated Intra-Abdominal Infection and Peritonitis

Pupelis G^{1,2}, Skicko D^{1,3}, Gabrane B^{1,3}, Timmermane A², Zeiza K^{1,2}. Riga East University Hospital¹ Riga Stradins University² University of Latvia³

24) Blunt splenic injury in children: Haemodynamic status key to guiding management, a 5 year review of practice in a UK major trauma centre Rohan Ardley UK

11.00- 13.00

Consensus Conference Complicated peptic ulcer

(6 lectures 10 minutes each + 5 discussion)

Chairs: F Coccolini, W Biffl
