

Scientific Committee:

Federico Coccolini, Dario Terteglia, Massimo Chierugi (Pisa, Italy)

Expert panel:

Narja Boemeester (The Netherlands)	Walter Biffi (USA)
Fausto Catena (Italy)	Raul Coimbra (USA)
Demetrios Demetriades (USA)	Joseph Galante (USA)
Andrew Kirkpatrick (Canada)	Yoram Kluger (Israel)
Ari Leppaniemi (Finland)	Manu Malbrain (Belgium)
Junichi Matsumoto (Japan)	Pradeep H Navsaria (South Africa)
Kemal Rasa (Turkey)	Viktor Reva (Russia)
Massimo Sartelli (Italy)	Robert Sawyer (USA)
Vishal Shest (India)	Jean Louis Vincent (Belgium)
Michael Sugrue (Ireland)	Edward Tan (The Netherlands)

Program:

January 20th, 2021 - 3.00 to 4.00 p.m. CET

Severe peritonitis:

to leave the abdomen open vs. to close it
PRO Open Abdomen Andrew Kirkpatrick
CONS Open abdomen Marja Boemeester

February 25th, 2021 - 3.00 to 4.00 p.m. CET

High grade splenic injury:

angioembolization vs. splenectomy
PRO Splenectomy Walter Biffi
PRO Angioembolization Pradeep H Navsaria

March 26th, 2021 - 3.00 to 4.00 p.m. CET

Complicated acute diverticulitis:

resection and anastomosis vs. Hartmann proc.
PRO Resection/anast Fausto Catena
PRO Hartmann Yoram Kluger

April 30th, 2021 - 3.00 to 4.00 p.m. CET

Fluid management in abdominal sepsis:

fluid restriction vs. liberal administration
PRO Fluid restriction Manu Malbrain
PRO Liberal administration Jean Louis Vincent

May 27th, 2021 - 3.00 to 4.00 p.m. CET

Hemodynamically transient responders trauma

patient CT scan or not
PRO CT-scan Junichi Matsumoto
CONS CT-scan Edward Tan

June 25th, 2021 - 3.00 to 4.00 p.m. CET

Hemodynamically unstable patients in pending cardiac arrest: resuscitative thoracotomy and REBOA
PRO Resuscitative thoracotomy Demetrios Demetriades
PRO REBOA Viktor Reva

September 24th, 2021 - 3.00 to 4.00 p.m. CET

Intra-abdominal infections:

long course vs. short course antibiotic therapy
PRO Long course Kemal Rasa
PRO Short course Robert Sawyer

October 29th, 2021 - 3.00 to 4.00 p.m. CET

Severe thoracic trauma and flail chest:

rib plating vs. conservative management
PRO Rib plating Joe Galante
PRO Conservative management Raul Coimbra

November 26th, 2021 - 3.00 to 4.00 p.m. CET

Non complicated acute diverticulitis:

antibiotic treatment vs. non antibiotic treatment
PRO Antibiotic treatment Massimo Sartelli
CONS Antibiotic treatment Ari Leppaniemi

December 17th, 2021 - 3.00 to 4.00 p.m. CET

Severe acute cholecystitis in high risk patients:

cholecystectomy vs. gallbladder drainage
PRO Cholecystectomy Michael Sugrue
PRO Drainage Vishal Shest
